Growth patterns of three cultivars of wheat (T. aestivum) and two cultivars of barley (H. vulgare)

seye 30 Rayez 2017 Ehsan

by treating with an extract of 

be on the basis of the growth patterns of three cultivars of wheat (T. aestivum) and two cultivars of barley (H. vulgare) reported by Klepper et al. (1982) and Cao and Moss (1989). The differences in growth patterns among the cultivars may be due to the effects of environmental factors such as temperature, soil moisture, and nutrient availability.
